Preventative Maintenance Agreement

Customer : Phone: Date:
Address:
City/State/Zip: Email Address: _____

Oil furnace, Air conditioner, Gas furnace, Heat pump
$120.00 for the first unit, and then $60.00 if you have any additional units.

Boilers and Geo-thermal heat pumps
$165.00 for the first unit and then $82.50 for each additional boiler or geo-thermal unit, provided they have been maintained.
It would be $60.00 for each additional unit listed above. (Oil furnace, Air conditioner, Gas furnace or Heat pump)

If the boiler or geo-thermal unit has not been serviced yearly, we do a clean and service on a time and material basis. Then the following year it would be the above rate of $165.00.

Fall Service **Please circle one**: September, October, November
And/Or
Spring Service **Please circle one**: March, April, May

Benefits of a Preventative Maintenance Agreement

1. All one inch throwaway filters are covered. There is an additional charge for larger and higher efficiency filters.
2. Parts during any service call are discounted.
3. Blue Line Discount Pricing.
4. You receive 24 hour/7 days a week emergency service if required.
5. You are never charged higher after hours, weekend or holiday rates.
6. Maintenance customers receive priority service over call in customers.
